EDUCATION

B.Tech — CSE (AI & ML)

Thakur Shyamnarayan Engineering College, Mumbai

2023 – 2027

CGPA: 9.5 (Sem 3)

HSC (Class XII) — Science

65%

SSC (Class X) — Maharashtra Board

86%

MHT-CET

85 Percentile

TECHNICAL SKILLS

Development

Full Stack Development, Python, Java (Basics), Git & GitHub

AI / Cloud

Python for Data Science, Machine Learning Basics, Microsoft Azure AI

Tools

Git, GitHub, VS Code, Robotics Programming

PROJECTS

▸ Civic Reporting AI Map

AI-powered civic issue reporting platform with interactive map integration, enabling citizens to report and track local infrastructure problems in real time.

▸ NeuroWeb for Students

An intelligent web platform tailored for students, leveraging AI to provide personalized learning resources, study assistance, and productivity tools.

▸ DisasterIQ

Smart disaster management system using AI/ML to predict, assess, and coordinate responses to natural and man-made disasters for faster relief operations.

CERTIFICATIONS

▸ Python for Data Science — NPTEL — IIT (Elite Certification)

▸ Computer Organization and Architecture (COA) — NPTEL — IIT (Elite Certification)

▸ AI for Beginners — Microsoft Azure (Paid Certification)

▸ Robotics Certification Course (x2) — Robotics Training Program

HACKATHONS & COMPETITIONS

▸ Participated in 4 hackathons; advanced to the Final Round in 2 of them.

▸ Demonstrated strong problem-solving and team collaboration skills under competitive conditions.

▸ Achieved 9.5 CGPA in Semester 3, demonstrating consistent academic excellence.

ACHIEVEMENTS & INTERESTS

▸ Earned 2 NPTEL Elite Certifications from IIT — among the top national recognitions for online learning.

▸ Actively pursuing skills in AI/ML, cloud computing, and full-stack development alongside academics.

▸ Passionate about building tech solutions for social good — civic tech, disaster management, and EdTech.
